

Smart Investing Enjoy \$50 Million in FDIC Insurance

Through the Certificate of Deposit Account Registry Service®, we can provide you with easy access to multi-million dollar FDIC protection on your CD investments.

With CDARS, you get:

One Bank

Access multi-million dollar FDIC insurance coverage by working with just us – the bank you know and trust.

One Rate

Receive one rate with our bank for each CD maturity and enjoy the option of reinvesting funds through a simple process.

One Statement

Receive one easy-to-read statement from our bank summarizing all of your CDARS CD holdings.

How does CDARS work?

We are part of a special network. When you place a large amount with us, we place your funds into CDs issued by other banks in the network – in increments of less than \$100,000 – so that both principal and interest are eligible for complete FDIC protection. As a result, you can receive coverage from many banks while working with just one. Enjoy the peace of mind associated with full FDIC insurance and the ease of managing everything with Chevy Chase Bank.

What else should I know?

With CDARS, you can say “goodbye” to running around town to open accounts at multiple banks in different insurable capacities. There also is no need to manually consolidate account statements or interest disbursements, which frees up your valuable time. You can enjoy the peace of mind associated with access to full FDIC insurance on your CDs. You’ve worked hard for your money. Now, let it work hard for you.

As always, your confidential information remains protected.
